# Confidea T-DI

Confidea Tabletop Delegate Interpretation Unit

#### Description

The Confidea T-DI is Televic's tabletop delegate unit for discussion systems combined with simultaneous interpretation. It combines a slim, contemporary design and excellent intelligibility with effortless ease of use. The unit has a channel selector and two headphone outputs with a single volume control. It allows a meeting delegate to speak, request-to-speak and listen to the speaker in his or her native language. An OLED information display indicates the selected channel number, the abbreviated channel language name in ISO format and a volume bar. This unit is also equipped with an RFID card reader for identification. This is ideal for meetings with a free seating policy: the system can keep track of who is seated where. The chairman version of this unit has additional controls. The units interconnect in daisy chain over Cat 5e Plixus® network cabling. The RJ45 connectors are hidden in the base of the unit and the cables are held in place by two notches in the unit housing.

#### **Benefits**

The Confidea T-DI is a *sleek and stylish solution* and can be set up in the blink of an eye. The input and output connections are *auto-sensing and interchangeable*. As a result, installation is *easy, fast, and straightforward*, making it the

ideal system for frequently changing environments. The removable microphone is *immune for mobile phone interference*, so delegates can leave their phones switched on during the meeting. The Confidea T-DI is backed by the Plixus® network with redundant cabling and hot swapping options to ensure *maximum reliability*. Finally, its shielded microphone is immune to mobile phone interference.

#### **Features**

- Built-in high-quality loudspeaker which is automatically muted when the microphone is active, to prevent acoustic feedback
- Microphone On/Off or request-to-speak button with two signaling LEDs
- Two headphone outputs with single volume control
- OLED information display with selected language and volume bar
- RFID card reader

## Connectivity

 Screw-lock socket to connect a removable microphone.

D-MIC30SL	71.98.0053	
D-MIC40SL	71.98.0054	
D-MIC50SL	71.98.0055	

- Two RJ 45 connectors for loop through cabling
- Two 3.5 mm stereo jack sockets for headphones
- Plixus-powered

#### Software

To fully configure, manage, and use the unit, Televic's CoCon management software is required. The following standard licenses are available:

CoCon Discussion	71.98.1101
CoCon Signage	71.98.1102
CoCon Authentication	71.98.1105
CoCon Interpretation	71.98.1107

#### Certifications

Region	Certification
Europe	CE

### **Specifications**

Mechanical	Mechanical	
Material	PC/ABS	
Color	Black Matt, RAL9011	
Size (mm)	230 (w) × 130 (h) × 60 (d)	
Size packed (mm)	250 (w) × 150 (h) × 90 (d)	
Weight (g)	480	
Weight packed (g)	620	
Electrical		
Voltage	48 VDC	
Consumption	3.5 W	
Speaker Output		
Maximum output	> 1 W	
power		
Frequency response	200-20,000 Hz	
Dynamic range	> 90 dB	
THD @ nominal level	< 0.1%	
Load impedance	8 Ω	
Headphone Output		
Maximum output	> 10 mW	
Frequency response	22-22,000 Hz	
Dynamic range	> 90 dB	
THD @ nominal level	< 0.1%	
Load impedance	16-32 Ω	
Microphone Input		
Nominal input level	-54.7 dBV	
Maximum input level	-24.6 dBV	
Input impedance	1 kΩ	
Dynamic range	> 93 dB	
Frequency response	25-20,000 Hz	
THD @ nominal level	< 0.1%
